

ProBuilder's 2022 Smart/Connected Home

Featured name

New Home Design Driven by Insights from 12,000 Consumers and over 300 Architectural Designers

Renderings by RM Design

- Buyer: Families, including multigenerational living opportunity
- Elevation: Mid-Century Modern with material mixing

• Unique Home Features:

- Dual office spaces, including a casita at the rear of the house, merchandised as an office, plus a separate pocket office upstairs
- o An extended island with seating in place of separate kitchen dining
- Four distinct outdoor access points, with the primary one extending the kitchen
- o Smart home features that homeowners value and are willing to pay for
