

New Home Design Driven by Insights from 12,000 Consumers and over 300 Architectural Designers

ProBuilder's 2022 Smart/Connected Home

- **Buyer:** Families, including multigenerational living opportunity
- **Elevation:** Mid-Century Modern with material mixing
- **Unique Home Features:**
 - **Dual office spaces**, including a casita at the rear of the house, merchandised as an office, plus a separate pocket office upstairs
 - An **extended island** with seating in place of separate kitchen dining
 - **Four distinct outdoor access points**, with the primary one extending the kitchen
 - **Smart home features** that homeowners value and are willing to pay for

Product type: Single-family detached
Square footage: 3,400 sq. ft.
Architect: KTG Y
